

Nutriline-Omega6 (Veg)

BORAGE OIL

FOR POWERFUL HEALTH BENEFITS

Nutriline-Omega6 contains pure & concentrated Borage Oil naturally extracted from the flower 'Borago officinalis' or 'Starflower' by Novo's SCFE extraction process. Borage oil is one of the healthiest phytonutrients found in nature, being the richest known natural source of Gamma Linolenic Acid (GLA) with almost twice the GLA found in other sources. Novo's extraction process gives Nutriline-Omega-6 the edge (with GLA > 24%), which is evident in its longer shelf life as well as increased bioavailability of Essential Fatty Acids (EFA) to the user.

Product Code	C18:3 Gamma-Linoleic Acid	Remarks
BO 001	20-25%	Oil

Health benefits of Nutriline-Omega6

- ▶ Improves cardiovascular, reproductive, nervous and immune system functions.
- ▶ Improves arterial muscle tone, sodium excretion through kidneys and inflammatory response.
- ▶ Relieves symptoms of rheumatoid arthritis, lupus, gout.
- ▶ Reduces eczema, psoriasis. GLA helps skin to reduce dryness and keeps it healthy, supple, and young-looking.
- ▶ Shows positive effects on diabetic neuropathy, multiple sclerosis.
- ▶ Reduces blood cholesterol levels, atherosclerotic plaque. Lowers stress-related blood pressure.

Novo's SCFE Process for Superior Product

Nutriline-Omega6 is produced at Novo's 1000 tpa Super Critical Fluid Extraction (SCFE) plant in India. The SCFE process is widely regarded as the best process for extraction.

- ▶ It extracts Borage Oil such that it remains intact and at its highest level of concentration and purity.
- ▶ Concentrated extract is exclusively composed of the raw material ingredients and can be used in low dosage.
- ▶ Concentrated extracts can be easily assimilated by the human body.
- ▶ The process is gentle on active ingredients since extraction is at high pressure and low temperature and creates no environmental hazards.
- ▶ The extraction agent, CO₂, is GRAS certified, non-toxic, non-flammable and acceptable for use in food and beverages.
- ▶ CO₂ is free of bacterial content and microbiological activities.
